

Shaman: Spirit Walker 2010 Wall Calendar

Shamanism is our oldest spiritual system used for healing, problem-solving and improving the well-being of individuals and their communities. The shaman is a walker between worlds and in tribal cultures serves as healer, seer, spiritual adviser and dream interpreter. Working with compassionate spirit allies, the shaman undertakes ecstatic shamanic journeys into the mystical worlds of the hidden universe in order to help others. As we in the modern world are called to reconnect with our own spiritual resources for inspiration, healing and wisdom, it is important to remember that our ancestors on all inhabited continents once thrived in the embracing circle of shamanism. We are not alone. Whether aware of it or not, we each have spirit teachers, power animals and other helpers who guide and empower our lives from the unseen realms. From the earliest times art has been used to express the inner life, to depict shamanic experiences, the invisible worlds and particular helping spirits. The Shaman: Spirit Walker 2010 calendar offers a wide range of insightful and inspiring quotes paired with the shamanistic art of Meinrad Craighead, Bonnie Bisbee, Cathy McClelland and Mark Wagner. The art and text have been carefully selected and paired by Beth Beurkens, M.A. Beurkens has been a teacher of shamanism for sixteen years and a vision quest guide for twenty years. She is a faculty member at the Foundation for Shamanic Studies, founded by internationally renowned anthropologist Dr. Michael Harner.
