

501 Great Things About Being Gay

Get ready to laugh out loud! 501 Great Things About Being Gay is page after page fun with a group renowned for its legendary disposable income and impulse shopping binges. Ever wonder why gay men have that certain je ne sais quoi? That special joie de vivre? Curious about why they know at least a couple of French phrases? Here, at last, is the answer. Author Edward Taussig shares hundreds of reasons to celebrate being gay. A compendium of fun facts, multiple-choice quizzes, and aphorisms, 501 Great Things About Being Gay, among other things, has a completely self-explanatory title. Consider these amazing (but true) gay benefits, as revealed in the pages of 501 Great Things: You can be in a crowded disco the size of two football fields and still spot a toupee.-- You know that kissing a toad rarely turns him into a prince.-- Youve been tempted by the Seven Deadly Sins. And you have a favorite.-- You know how to get your mother off the phone quickly.-- You know that Tennessee Williams is not a sub-brand of Jack Daniels. Its a work that takes gay humor out of the closet and puts it in the most hallowed place a best-seller could hope for: right on top of the commode. About the Author: Edward Taussig is an advertising executive who lives in New York City and France. While at Northwestern University, he was roommates with playwright, screenwriter, and female impersonator Charles Busch.
