

## A Brief Life of the Queen

The Queen is a succinct and intimate biography of Elizabeth II, who has managed to remain enigmatic yet is the most recognized woman in the world. For more than thirty years Robert Lacey has been gathering material from the members of the Queens inner circle - her friends, relatives, private secretaries and prime ministers - and the results are distilled in this elegant, small format hardback, at under GBP10 contrasting deliberately with the other weighty and expensive Jubilee tomes. Tracing the Queens life through its major stages, and uncovering her greatest personal loves, and trials, The Queen offers the freshness of the first-hand insights and compelling story-telling for which Robert Laceys best-selling biographies are famous.
