

No More Lies (Doctors Orders Book 3)

A lie that brings a smile... or the truth that draws tears? Dr. Olivia Crane lives a quiet life. No one questions why she doesn't socialize or where she spends every weekend. When the visiting physician from France strolls into her office, with open arms and a confident smile, her perfect control is about to crumble. Good God, he can't be Dr. Luc George, the man she loved ten years ago? Should she return his scorching kisses, or should she lock her door before he digs into her many secrets? Secret daughter, secret friend, secret enemy. Had Luc really known his sweet Olivia back then? He wants her back, but he wants the truth, too. Now, Olivia has to face her past before she can grab her second chance. If you like sexy romantic comedies, you'll enjoy reading *Mona Risks* other novels: *NEIGHBORS* and *MORE*: With too many skeletons in their own closets, would her dear neighbors do their best to save her or incriminate her? *SAILING WITH YOU*: Their physical attraction sizzles, but will he be able to convince her he's not the enemy anymore? *BABIES IN THE BARGAIN*: No one will break her heart again, especially not the sexy doctor with a mega-watt smile and a preemie baby he can't handle. *RIGHT NAME, WRONG MAN*: What's a girl to do when she whispers another man's name in her fiancé's arms?
