

The Lebor Feasa Runda: A Druidic Grammar of Celtic Lore and Magic

In his highly anticipated English translation of the ancient Irish text known as the Lebor Feasa Runda (Book of Secret Knowledge), Celtic scholar and historian, Steven L. Akins, has at last made available to readers the wealth of pre-Christian teachings espoused by the Druids in this seminal work of pagan religious literature. Basing his translation on the only extant transcription of the now lost Black Book of Loughcrew, the actual doctrines of the Celtic priesthood are finally brought to light in this timeless rendering of these sacred scriptures. Of the 180 Druidic texts mentioned in the historic Yellow Book of Lecan as being destroyed by St. Patrick in his attempt to convert the pagan inhabitants of Ireland to Christianity, the Lebor Feasa Runda alone survived as testimony to the spiritual beliefs and practices of the Celts in their original, uncompromised form. First transcribed by the Druid Mogh Ruith from a series of ogham staves long ago discovered in the tomb of Ollamh Fodhla, one of Ireland's greatest early kings, the Lebor Feasa Runda records the dispensation of a vast store of esoteric knowledge received by Ollamh Fodhla from a messenger of the Celtic gods known as the Tuatha De Danann. Perhaps the most remarkable of all ancient Celtic texts, the Lebor Feasa Runda contains not only an account of the earliest history of Ireland and the relationship of its inhabitants to the Celtic gods, but it also comprises a full discourse on the Druidic religion, providing a complete account of the sacred rites and ceremonies at the heart of this mysterious faith. Since it was first recorded in the Black Book of Loughcrew, the Lebor Feasa Runda miraculously survived for centuries, traveling across Europe and passing through the hands of numerous individuals until it was ultimately acquired by the Ahnenerbe Forschungs-und Lehrgemeinschaft, who commissioned its translation into German in the days leading

up to the Second World War. The original volume was found missi
