

## Brand New Sky (Double Blind Study) (Volume 6)

When the dark clouds gather, find a patch of blue sky. And chase it into tomorrow. Sway Schaeffer had always known music was going to be a part of his life. It wasn't until he picked up an electric bass in high school that he thought he might actually have fun with it. Raised by classical musicians with the expectation to follow in their footsteps, Sway had gotten used to not caring what other people thought of his choices. He had made it a habit early on in his career to find the bright side to every situation, even when others including his fellow bandmates disagreed with his methods. Or misinterpreted them entirely. Ryan Zacherson is a moderately successful romance writer. She enjoys her quiet life and does not enjoy surprises. She's tense, suspicious, and completely thrown off by the rock star that has happened to move in next door. She's not looking for an adventure. Or a fling. Or anything really. But she keeps finding herself drawn further and further into the whirlwind that is Sway's life. For the first time ever, she feels like she can be herself... and be loved for it. When life interrupts, and reality checks back in, will what they have built together be solid enough to survive the hurricane that is part of the Double Blind Study world? Or will they be torn apart by simple doubt, drama, and pride? Brand New Sky is the sixth and final in a series of standalone novels following the lives and loves of Double Blind Study. Rated PG13
