

The Backdoor Billionaires Bride (Billionaire Brides) (Volume 1)

A plan so crazy, it just might work and save the business. But can these two see the opportunity right in front of them for love? Ford Adams had led a charmed life, but if he doesn't figure out how to make the equivalent of a silk purse out of a sow's ear, and sell a boat-load of them, he and his mother might find themselves flipping burgers. Determined not to let that happen, he'll need all the help he can get especially from his sexy new business partner. If he can get her to take a chance on his crazy new idea, then maybe he can convince her to take a chance on him. Becky Jean Parkers life has been anything but what she'd imagined it would be, but she'd been content until a recent turn of events once again left her no choice. Unless she wants to wallow in bankruptcy for the rest of her life, she'll have to go along with her new business partners insane plan and pray he knows what he's talking about. The only thing crazier than Ford's plan to sell sex toys is her attraction to him. Typical of her life, she'd had no choice but to fall for the one man she can't have.
