

Darkwater: Voices from within the Veil

The distinguished American civil rights leader, W. E. B. DuBois first published these fiery essays, sketches, and poems individually in 1920 in the Atlantic, the Journal of Race Development, and other periodicals. Reflecting the authors ideas as a politician, historian, and artist, this volume has long moved and inspired readers with its militant cry for social, political, and economic reform. It is essential reading for all students of African American history.
