

Dark Retreat

This is more a research journal/ compilation than a book. Three years in, and Dark Retreat continues to heal an Ayaheusca initiation that pushed the bandwidth right to the edge . Of course, the MotherBoard knows all, but its given a few adventurers, a permanent body exit with which to reboot. Darkness took the fear away, healed the adrenal shock and allowed the space for grace. It seems Darkness reveals that we are all black Wholes feeding back data to the cosmos; And in the dark, the stars turn on, literally, from within. As I find more masters of Dark Practice, we will expand. We include a Harvard Research Teams modernization of The Tibetan Book of the Dead (correctly translated: Liberate from the cycle of birth and death, through hearing). Some side benefits are Organ Healing, Adrenal rejuvenation, and with the Tao exercises: Sacred Sexuality, Heavy Metal detox, etc. Theres a lot to it... And Master Chia led the way. The Tibetan and Hindu traditions add in there specific enlightenment and rejuvenation paths. And the Kogi, up next for research, have their top Shamans in the Dark for 21 years! It works.
