

## Grace of Monaco

The acclaimed biography by Jeffrey Robinson, now revised and updated to coincide with the major motion picture starring Nicole Kidman as Princess Grace. It was one of the most famous romances of the 20th century Europe's most eligible bachelor, Prince Rainier of Monaco, and America's most beautiful movie star, the Academy Award-winning actress Grace Kelly, fell in love against the backdrop of the closest thing the modern world has to a magical kingdom, the French Riviera's Principality of Monaco. Told with affection and humor, and written with the unprecedented cooperation of Prince Rainier III and his children, Prince Albert, Princess Caroline, and Princess Stephanie, *Grace of Monaco* takes readers beneath the surface glitz and the glamour of Monte Carlo for a never-to-be-forgotten portrait of the House of Grimaldi.
