

## Grow Your Salary

In just eight short years Jonathan Peterson went from a salary of \$20,000 per year to over \$160,000 - an average of a \$20,000 raise per year - and you can do it too. If you have ever wondered how you can set yourself up for salary success - this is a must read. In this book, Jonathon shares his list of proven strategies to help grow your salary to new heights. Focusing on providing you details to get what Jonathan calls career leverage, he covers topics such as negotiation, relationship building, personal branding, career flexibility and understanding compensation packages. In addition, he has provided worksheets on how to evaluate and understand your workplace landscape, common conversation starters to get noticed at company events, and questions to ask to help you prepare for salary conversations. Whether you are just starting your career, or you have been stuck in a salary rut, Jonathan will give you the roadmap to grow your salary further than you ever expected.
