

# Jensen and Jensen-Healey (Suttons Photographic History of Transport)

This pictorial history of Jensen shows the companys development from its modest beginnings through the extraordinary success of its high performance cars to its demise in the 1990s. It recalls Jensens commissions from the rich and famous such as Clark Gable, and the very first Jensen, White Lady. Particular attention is paid to the revolutionary FF of 1966, Jensens finest achievement, which was far ahead of its time. This title is intended for Jensen enthusiasts everywhere.
