

Faith and the Billionaires Baby (A Steamy Contemporary Romance Novel) (Faith and Love Book 1)

What happens in Cuba... Faith is done with men. Each one she encounters is worse than the last. Her best friend urges her to live a little, to lose herself and have a one-night stand, but she's just not feeling it. If Faith can't find true love, what's the point? She decides to grab life by the horns by taking a spontaneous trip to Cuba. When her vacation brings her into the arms of hard-bodied billionaire Jax, the most notorious playboy of them all, she finds herself unable to pull away. Jax has everything any red-blooded man could want. Unlimited money, beautiful women dying to do his bidding, and perfect freedom. So why is he so unhappy? What more is there? When Faith suddenly comes into his life, his questions turn into answers. But can he change his ways? And will his hangers-on let him? Faith and the Billionaires Baby is a standalone BWWM romance with no cliffhangers and an HEA.
