

Miss Spitfire: Reaching Helen Keller

Annie Sullivan was little more than a half-blind orphan with a fiery tongue when she arrived at Ivy Green in 1887. Desperate for work, she took on a seemingly impossible job teaching a child who was deaf, blind, and as ferocious as any wild animal. But if anyone was a match for Helen Keller, it was the girl who had been nicknamed Miss Spitfire. In her efforts to reach Helen's mind, Annie lost teeth to the girl's raging blows, but she never lost faith in her ability to triumph. Told in first person, Annie Sullivan's past, her brazen determination, and her connection to the girl who would call her Teacher are vividly depicted in this powerful novel.
