

Modern Masters Volume 27: Ron Garney

Ron Garney knows how to tell a story on the comics page. He can draw cinematic blockbuster action with the best of them, as his iconic runs on Captain America, Wolverine, and Weapon X will attest. But he also excels at depicting the quiet moments. There is emotional nuance in his work, which elevates every story he illustrates. Join authors George Khoury and Eric Nolen-Weathington-along with Jason Aaron, Tom Palmer, Alex Ross, and friends-as they present the art and career of Ron Garney, Modern Master! This book documents his stellar career by virtue of an exhaustive interview with Garney, where he explains his creative process, and presents a wealth of rare and unseen art, including a gallery filled with drawings from his private sketchbooks, many in full-color. Like never before, this book lets you experience the work and wonder of this master of modern comic art: Ron Garney!
