

Horny: A Haunted Blender Tale (My Haunted Blenders Gay Love Affair and Other Twisted Tales Book 3)

Ryan Caulfield is a devout avoider of risk, so it comes as a surprise when he agrees to help a group of supernatural law enforcers catch Zeus (the god voted Least Likely to Keep It in His Pants). But how could he say no? Hes nothing if not law-abiding, even if its a legal code from another plane of existence. Besides, it all seems harmless enough ... at least until the half-naked and all-hot immortal with wings and horns shows up. In his century as an investigator for the Olympic pantheon, Leander of the erote has solved a lot of cases and slept with a lot of humans. But on this investigation, it looks like he wont be doing either. His assigned task is bogus, and the most alluring mortal hes ever met is determined to avoid hooking up. But the pull Leander feels toward Ryan the bartender wont let him turn his attention away for long. Soon, he finds himself interested in much more than his usual dalliances with mortals. Now if only he can convince Ryan hes worth the risk. Word count: 30,500; page count:136
