

## Penguins of South America 2017: The Magellanic Penguin, a Native of South America (Calvendo Animals)

Closely related to the African Penguin, Magellanic Penguins breed in burrows or under bushes along the remote coasts of Argentina, Chile and the Falkland Islands. In the winter they migrate north as far as Peru and Brazil. These images of this characterful and much-loved bird were taken at the penguin colony at Otway Sound near Punta Arenas in Chile. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
