

Stopping the Madness Antibullying Foundation Advocate Training: 2016-2017 Parent~Educator~Community Advocate Training ... Advocate Certification Training

Bullying can have lifelong negative effects on victims, so intervention and prevention are necessary to identify and stop individuals that are prone to bullying. This advocate training is designed to define bullying and educate the participant in the various types of bullying. At completion of the training, participants will be able to define bullying, identify the types of bullying, have an increased awareness of the locations where bullying is most likely to occur, and intervene in bullying situations before any verbal, emotional, psychological, physical, or social (VEPPS) damage is done to the victim. The STOPPING THE MADNESS Antibullying Foundation was founded by Amazon bestselling author, AMera Frieman and her husband, Zach, after dealing with the bullying effects of their son. STOPPING THE MADNESS Antibullying Foundation is a 501(c)(3) nonprofit foundation dedicated to providing life coaching, advocacy, and community assistance programs to individuals affected by bullying.
