

## Shuffle (Ruby Riot Book 2)

Shuffle is the second standalone book in the Ruby Riot rock romance series. The Ruby Riot series is a spin-off from the Blue Phoenix books but can be read separately. With Ruby Riot on a break, Will Campbell, Ruby Riot bassist, returns to university to finish his degree and fails badly at everything apart from partying. He needs major help if he wants to pass his final year and attempts to join a not-very-rock star study group. Will is horrified to discover the person organising the group is Fleur Roberts, the girl he secretly crushed on for two years and who recently threatened him with a restraining order. Fleur's rock stars are history academics. She has no interest in any variety of pierced, tattooed slacker, especially not the jackass rock star who humiliated her at a party. There's no way in hell that Will Campbell is joining her group. Faced with losing the easiest way to fix his academic problems, Will has the perfect solution: pretend he's his twin, Nate. Will and Nate have swapped identities before so nothing can go wrong. Surely. Fleur is successful academically, but her love life is a failure. Following a number of disastrous dates, she finds herself falling in love with a guy who is lying to her. But Will's deceit isn't the only thing about to shatter her world. When another man Fleur trusted betrays her, and she attempts to retaliate, Fleur discovers how dangerous he is. And when Will becomes involved, the repercussions threaten both of their futures.
