

Stardust

Duncan is an ocean from home over the holidays and expects to spend them alone. To his pleasant surprise, one of his European co-workers, Georg, befriends him and includes Duncan in the holiday traditions of his homeland: cutting a Christmas tree under starry skies at Georgs country estate, decorating it at the familys city home, and shopping at the Christmas market in Munich. Both men are lonely and realize they have much in common. But Georgs life is in Germany and Duncans is in Boston. With the project theyre working on nearing completion, any chance for more than a holiday fling seems as elusive as stardust.
