

Teen Health, Conflict Resolution and Violence Prevention 2014

Conflict Resolution and Violence Prevention teaches students how conflicts escalate, and ways to seek peaceful resolution to conflicts when they occur. The material also describes the peer mediation process. In the Violence Prevention chapter, students learn ways to reduce the risk of violence. The chapter also provides information on abusive relationships and what students can do to end the abuse. Each print module contains the same front matter section, titled Your Health and Wellness. This content is relevant to the entire program. It teaches the 10 Health Skills that are the foundation of the Teen Health program.
