

## The Age of Eternal Brilliance: Three Lyric Poets of the Yung-ming Era (483-493) (Sinica Leidensia)

This volume presents the nearly complete oeuvre of Shen Yueh, Hsieh Tiao, and Wang Jung, i.e. the full original texts, Professor Richard Mather's full annotated translations, and brief biographies of these three classical poets, who all had such a profound impact on succeeding centuries. The reader will here find first-hand reactions and ruminations by highly sensitive and articulate participants in the tumultuous events and intellectual currents of an age that was definitely more than just a chaotic transition between the Han and the Tang dynasties. With index.
