

The Marines Red Hot Homecoming

Will he trade the battlefield for the boardroom... and the woman he loves? Marine Caleb Gibson returns to take over the family's business after his father's stroke pulls him out of an undercover mission. When he arrives stateside, he's stunned to discover he's got a son and proposes immediately, but the last thing Hannah Sullivan wants is a marriage of convenience to her former crush. Hannah's terrified Caleb's military service will lead to heartbreak again. She'll share custody of their child, but not Caleb's bed no matter how strong the attraction. However, when a major home repair leaves her homeless, she decides to accept his offer to move in temporarily. Soon resisting their sizzling connection proves impossible, especially when Caleb's determined to prove he's the right man for Hannah. Now Caleb must choose: will he heed his call to action, or will he trade the battlefield for the boardroom and the woman he loves?
