

## The Natural World of Winnie-the-Pooh: A Walk Through the Forest that Inspired the Hundred Acre Wood

A New York Times Bestseller Delve into the home of the worlds most beloved bear! The Natural World of Winnie-the-Pooh explores the magical landscapes where Pooh, Christopher Robin, and their friends live and play. The Hundred Acre Wood the setting for Winnie-the-Poohs adventures was inspired by Ashdown Forest, a wildlife haven that spans more than 6,000 acres in southeast England. In the pages of this enchanting book you can visit the ancient black walnut tree on the edge of the forest that became Poohs house, go deep into the pine trees to find Poohsticks Bridge, and climb up to the top of the enchanted Galleons Lap, where Pooh says goodbye to Christopher Robin. You will discover how Milnes childhood connection with nature and his role as a father influenced his famous stories, and how his close collaboration with illustrator E. H. Shepard brought those stories to life. This charming book also serves as a guide to the plants, animals, and places of the remarkable Ashdown Forest, whether you are visiting in person or from the comfort of your favorite armchair. In a delightful narrative, enriched with Shepards original illustrations, hundreds of color photographs, and Milnes own words, you will rediscover your favorite characters and the magical place they called home.
