These mantras have been taken from the ancient timeless wisdom, the Bhagavad Gita. The Bhagavad Gita is an answer to all those seeking enlightenment on the various problems of life.- H. H. Swami Hariharji Maharaj The Bhagavad Gita, the ancient wisdom is a step by step spiritual and practical guide that not only answers every question of everyday life but also presents the transformation journey of the individual soul from a confused and depressed state of mind (lower self) into the peaceful and

serene state of mind/Blissful/Anandam (Higher Self). Although it has not been an easy task to distill and shorten the 700 verses (Shlokas) of the Bhagavad Gita into these 108 Mantras/messages, I have made the effort, based on my personal experiences, to choose those that seemed the most succinct and that helped me to answer my own day-to-day questions. These are the verses or mantras that allowed me to clarify complex issues and then problem-solve. They have led to my own spiritual growth, the awakening of my soul. I earnestly hope that these mantras helped you as much as they have helped me.
