

Edibles 2015 Calendar

The EDIBLES calendar 2015 is a full color wall calendar photographed and designed exclusively by Robert Kaufman. The images are all fruits and vegetables and are photographed in natural light often in their natural setting. The EDIBLES calendar has more then stood the test of time having been published since 1978. The calendar is printed on the highest quality paper stock and there is lamination on the cover. There is more then ample room in the monthly grids to write in important dates and other appointments and activities. This calendar is ideal for every kitchen, large or small, it decorates the walls with these magnificent photographs for the entire year. What better way to celebrate food and fine art photography. what better gift for under \$15.00.
