

How To Make Sure Your Finances Are As Good As Gold... No Matter What Happens To The Economy

How To Make Sure Your Finances Are As Good As Gold... No Matter What Happens To The Economy

An Interview With Precious Metals Expert, David Morgan

Back in the early days of the United States, a \$20 gold piece would buy a mans suit along with a shirt, tie, hat, shoes and umbrella to go with it. That same gold piece today buys that same amount, but if you paid in paper \$20 wouldnt even come close. Thats because precious metals (like gold) maintain their purchasing power and are one of the strongest investments you can make in any economy. And in this audio, youll hear all about it from precious metals expert, David Morgan. According to David, very few people realize just how bad the recent financial collapse was on the United States. There are clear and definite signs that countries are losing faith in the U.S. dollar, and in this audio, youll hear what those signs are and the steps you can take to make sure youre safe. Youll Also Hear What exactly is the fiat money system we use today? How is our money backed up, and what it all means for you A quick idiots guide to the economy along with a look at the only options we have for getting out of this mess The scary truth about the Federal Reserve the shady way it was established, how the U.S. treasury has to borrow money from it, all the issues surrounding it, and how it all affects you Complex financial concepts broken down into layman terms such as: inflation, deflation, hyper-inflation, derivatives, currency debasement, and more Exactly when David says the United States broke the trust with the rest of the world, and what he predicts will happen next The one quick-read book David says will give you 90% of his precious metals knowledge in about an hour According to David, this is the only time in history that there isnt a country with currency thats backed by precious metals. We may be in uncharted waters right now, but there are ways you can protect yourself and create stability in your own finances, even as the dollar continues to fall. And in this audio, youll hear all about them.
