

World War 2: Soldier Stories Part VII: The True Bloody Stories From the Pacific Theatre (World War 2 Soldier Stories Book 7)

The Often Overlooked Story of the Pacific front in WWII All too often, when we think of World War II we recall the great battles that raged on throughout the European continent rather than those that went on in the Pacific. While few will forget Pearl Harbour or the dropping of the atomic bombs, there tends to be some confusion as to what exactly went on over there. This book aims to clear up some of that confusion. Embark on a journey through the often-brutal war that raged on over islands and inlets in the Pacific front of the war. Read more about some of the key battles that were waged and find out what really happened. Learn about Sergeant Major Osborn who made a valiant ultimate sacrifice to protect his men, earning himself the highest military award in the British military. Find out what happened with Brigadier General Lawsons last stand and what happened to cause him to become the highest-ranking Canadian officer killed in WWII combat. Read more about the heroism shown by members of the coast guard. In 224 years only one member of the coast guard has been awarded the Medal of Honor and his story is right here. Read how he and others risked their lives in order to save the lives of others. Find out what happened on Hara-kiri Valley when the Japanese would rather die than surrender to the US troops. The truth will shock you but what one Marine did will prove that not all humanity was lost.

Comments From Other Readers When I was in school they really glossed over the Pacific campaign. I remember being horrified by the atrocities of the Nazis but little was said about what the Japanese did. I had a hard time understanding why we would drop an atomic bomb on them. This book really sheds some light on the major battles that were fought and just a few of the atrocities that occurred. It really opened my eyes and showed me the war in a whole new light. - Kevin C (Illinois, US) The

compilation in this book is excellent. I was looking for a book to help with a paper I needed to write for a history class on the Pacific side of World War II and this gave me just what I needed. The facts were clearly laid out but the books flows so that they are presented in an attention grabbing way. I learned more than I thought I would! - Lynn A (Nebraska, US) Tags: Saipan, Pacific, Medal of Honor, Coast Guard, Marine, World War II, World War II, WWII, WWII Pacific theater, WWII Japan, Pearl Harbor, Japan bombing in WWII, atomic bomb, Battle of Midway, Hiroshima, Naval Battle, American War, Voices of the Pacific, World War 2, Japanese Invasion, Marine Heroes, South Pacific, History, warfare, a higher call, Adolf Hitler, Soldier Story, war, war stories, bravery, military, D-Day, Pearl Harbor, Stalingrad, Unbroken, Laura Hillenbrand, Wild Bill Donovan, Douglas Waller, The Monuments Men, Allied Heroes, A Higher Call, The Dead and Those About to Die, The Guns at Last Light, The Longest Day, An Army at Dawn, Killing Patton, A spy at the heart of the Third Reich, A Higher Call, Forgotten 500
