

## Wyne and Song (Citizen Soldier Series) (Volume 3)

Single father Ethan Wynes trust in women stopped when his cheating wife died while he was deployed. Dating and relationships are in the past. His son is his life now and hes proud of the stable home hes created through hard work, determination, and support. But when a family celebration in NYC leads to a moment of weakness with a vivacious beauty, hes tempted to rethink his reasoning. Especially when she turns up in the Poconos. Can he take a chance again when more than his heart is at stake?

Phoebe Westons temporary gig in a summer production in the Poconos is just what the Broadway star needs to keep busy while awaiting a Hollywood screen test. The magic of the show reawakens her passion for the basics, and her frequent encounters with the handsome, single father of one of her young friends awakens something more. But Ethans made it clear hes not looking for permanent, and for the first time in her life, Phoebes not looking for temporary. Maybe what the jaded fathers locked up, guarded heart needs is a little song. **\*\*Citizen Soldier Series\*\***
